

United States Quad Rugby Association

Greetings,

As we prepare for registration, a few reminders.

Transfers

Letters of intent to transfer should have been submitted to current teams by September 15th. Copies of that resignation letter must also be sent to the Commissioner and Secretary's office, and be received no later than October 1st. At that point all transfers will be reviewed and ruled on.

Fines

Several USQRA teams have been notified of fines incurred last season. These fines will be assessed at the time of registration. Failure to pay will result in suspension of insurance, exclusion from sanctioned USQRA tournaments (including post season), and exclusion of team members from national team tryouts and participation.

Quarterly meetings

In the coming weeks each region will host a phone conference which will include a representative of your team, your RAC and the commissioner. At that time a host of topics will be discussed and plans worked on for the upcoming season. Please plan to have a team representative available for this call.

From the board of directors and the commissioner's office, we look forward to another exciting year of rugby and sport.

James Gumbert
USQRA Commissioner
